FOREWORDS

Vishwa Jeevan Seva Sangha (VJSS) emerged in the early 80's when a group of like- minded social activist and dedicated workers in response to the devastating flood of 1982 followed by a severe drought in Odisha which left a large number of people in a state of shock and complete destitution. The team started the relife and rehabilitation work for for the victims initially and the initiatives gradually spread with the objectives to establish a society standing on the values of equality, Justice and peace. Chossing the geographical area of undivided Puri Districts the team fromed the organization to initiate comprehensive developmental activites in the need based areas with active participation of community people. Over the last three decades the organization has gradually devloped into a laeading institation based in Odisha. With the support of Govt. of Odisha and Govt. of India. The Organization has been implementing multifarious activites. The target group of benificiaries in neglected poor SC/ST children, distressed women, needy disable, destitute older persons. VJSS Provides whole hearted support to those community people who are socially oppressed, excluded, culturally backward and economically exploited. The Organisation since its birth, has involved in several welfare and developmental activites in ameliorating the concerns issues and probelemes affecting the marginalized and disadvantaged sections of the society at grass root level.

WORDS FROM CHIEF FANCTIONARY:

With the wave of time spreading its wings to infinite our organization extended its activities from centre based carrying initiatives to wider community development programmes. As it's strongly believes that people should not be the passive beneficiaries but the active actors of development process. Our Organization with the help of its workers tried put the community at the centre stage of development. With the hand holding support from many friends in and out the country, VJSS is marching ahead to craft some designated regions free of hunger, ignorance, disability, destitution and desperation. Simultaneously, it emphasizes sensitization, empowerment and capacity building of community for sustainable development through various action research programmes. Being a civil soldier of the country let us take the oath of solidarity and contribute a shoulder -to -shoulder efforts with an approach " Think for others" .Day will come dreams comes true. While bringing out this report, I have the honor to congratulate all my co-workers, collaborators, team mates, funding Partners, donors, bankers, guiding agencies, supporters above all government authorities and other stake holders in expressing my indebtedness on behalf of the organization for their all round support for building and bringing up the reputation of our organization at a national magnitude through their self less volunteering attitude and hard work in their respective focused areas and in proactive manner.

I am hopeful and confident that the same spirit will prevail all the way in the time to come and all the stake holders of the organization will keep continue their whole hearted support in the same manner.

"Bande Mataram "

Sincerely,

Baidyanath Baral
Secretary General

COMMUNITY BASED REHABILITATION (CBR):

Based on the modality of non-institutional set up, the programme aims to provide community based support to the disabled person. The family, the community and health professionals collaborate to provide needed services in an environment, where services for disabled persons are seriously limited or totally absent. In this context, the programme is appropriate in addressing the need of the disabled especially in the rural setting. Its essential feature is focused on partnership and community participation. The individual is not isolated from the community, family members and community volunteers are part of the rehabilitative process. This can help integrate the person into the community, which is prepared to value the unique contribution, which the person is able to make.

Keeping in view, the organization has started the Community Based Rehabilitation (CBR) Programme in Tangi block of khordha district of Odisha state.
